

## Junior Software Engineer (PHP-Drupal)

Do you like writing efficient and clean PHP code? If you are interested in learning a new framework of PHP then come join our team and help us build amazing things. We're looking for someone with a passion for programming and for writing beautiful code. You will join a team of exceptional developers working in a fast-paced environment to deliver world-class software.

### Responsibilities

- Write clean, maintainable, and efficient code in Drupal Framework
- Design robust, scalable and secure features
- Contribute to all phases of the development lifecycle
- Follow best practices (test-driven development, continuous integration, SCRUM, refactoring, and code standards)
- Review, test and debug team member's code
- Able to do independent effective research to implement solutions.
- Drive continuous adoption and integration of relevant new technologies into the design
- Ensure our applications are secure and up-to-date

### Requirements

- Strong English communication skill is a must
- 1 to 3 years of proven work experience as a PHP developer
- Prior drupal experience is a plus, please showcase your work either in GitHub or other reviewable means.
- Demonstrable knowledge of front-end technologies such as JavaScript, HTML, CSS, SCSS, and JQuery
- Experience developing highly interactive applications
- A firm grasp of object-oriented programming
- Good knowledge of relational databases.
- BSc in Computer Science, Engineering or relevant fields is an advantage but not required!

### Additional Requirements:

- You are an inspiring team member and proactive communicator
- You understand the requirements of our international clients
- You are humble and know how to encourage your team members.
- Good and friendly character / able to work in a team
- Go-minded spirit ("yes, we can...")
- You want to reach your targets.

**Compensation & Other Benefits:**

- Monthly package range is above market compensation
- Fully subsidized lunch & snack and unlimited tea/coffee
- Flexible leave management - 36 days of annual leave including public holidays
- 2 days of weekend (Friday & Saturday)
- Outpatient & Inpatient medical insurance coverage for you and your family
- Life insurance coverage for you.
- Daylight shifts
- Awesome culture - passionate, driven and fun team.
- Excellent learning environment.
- Ability to grow and build a career

**Job Location:**

Dhaka, Bangladesh
